Global Food Safety Curricula Initiative

FAST FACTS

THE GFSCI IS

- Responding to growing concerns about food safety around the world
- About your profession – through a harmonized food safety core curricula, it will give food safety professionals what they need to ensure global food safety from farm to table
- Reaching around the world to schools, government, industry - and students like you!

IUFOST'S ROLE

- Commissioned by the World Bank to lead the Global Food Safety Curricula Initiative (GFSCI)
- Foster collaborative relationships with multi-disciplinary global participants from across academia, industry, government and non-governmental organisations
- Support and Implement the GFSCI
